## Web Developer

✉ kavikumarsenkili@gmail.com

☎ 7092387832

Motivated and detail-oriented Full-Stack Developer with **six months** of hands-on experience in the IT industry. Demonstrated strengths in **problem-solving**, **teamwork**, and **effective communication**. Skilled in **JavaScript**, **ReactJS**, **Google Apps Script**, **UI/UX design**, **SQL**, **Firebase**, and **Java**, with a commitment to contributing to a collaborative environment and driving organizational growth.

### Experience

#### FULL-STACK DEVELOPER - FORWARD 8 SDN. BHD.

May 2024 - Nov 2024

##### Project Name : Employment Form

- Supported project development by creating more than 40 input fields of various types, organizing all data, storing it in the database, and converting it into a pre-defined PDF template.
- Developed skills in Scrum Software Development , ClickUp, UI/UX design, time management, and teamwork.
- Collaborated with the team on problem-solving, debugging, applying the "Don't Repeat Yourself" (DRY) approach in development, and performing unit testing.

##### Project Name : Label and Filters Management

- Supported the creation of label and filter management automation. Collected all labels and filters from the manager's email inbox, then replicated the label and filter hierarchy in team members' inboxes using a user-friendly interface.
- Developed skills in Google Apps Script, Google Sheets Advanced Services, sheet automation, and custom user interfaces (sidebar), with a strong ability to quickly learn new programming languages, scripts, or no-code platforms.
- Collaborated with the team, debugged issues, conducted unit testing, and delivered robust solutions.

### Education And Additional Course

#### Alagappa University - Syed ammal art and science college

2018-2020

- Bachelor of Computer Science
- GPA: 6.78
